

## COUNTY NURSE IS MADE POSSIBLE BY RAISE IN SALARY

County Board Raises Appropriation For Nurse To \$4,800 a Year

Salary increases amounting in the aggregate to \$1,000 and one decrease of \$50 were voted by the county board of supervisors Saturday upon recommendation of the salary committee consisting of Supervisors Charles Schulz, William Beck and Anton Jansen.

By increasing the salary of the county nurse, the board probably made it possible to re-engage a nurse for the ensuing year. That position has been vacant since the resignation of Miss Martha Schulz last year. Although several other nurses had applied for the position, none accepted it on account of the decrease in salary from \$3,500 to \$3,000 a year ago. The board again set the salary at \$3,500. For expenses the nurse will draw upon the county nurse fund of over \$1,900 left untouched last year. The nurse's expenses in the past amounted to about \$500 a year.

Supervising teachers were granted an increase of \$100 a year. The salary and expenses now allowed the two superintendents are \$2,500 each. The increase does not become effective until after next July. The county pays only a small portion of this salary, but advances all and is refunded by the state.

**ONE SALARY CUT**  
The only decrease in salary was that of the district attorney's stenographer which has been reduced from \$1,000 to \$700. The registered nurse's salary was raised from \$1,000 to \$1,500, the county auditor's stenographer from \$800 to \$750, the deputy county clerk from \$1,000 to \$1,500, the undersheriff from \$1,000 to \$1,200, the highway commissioner's stenographer from \$1,200 to \$1,300. The municipal clerk reporter receives an allowance for extra clerk hire in sum of \$500 instead of \$400, and the workhouse was granted an extra allowance of \$500 for fuel and blankets.

Supervisors Fred Reichel of Kaukauna and Frank J. Schroeder of Center presented a resolution providing the workhouse superintendent with an allowance of 15 cents a meal for prisoners in addition to his annual salary of \$2,000. This was proposed on account of the ever increasing number of prisoners at the workhouse due to greater moonshine raiding activities in the county. Since this allowance had been in effect for two years, it would have amounted to a little over \$700. Supervisor Anton Jansen amended the resolution by substituting for the 15 cents a meal allowance a yearly appropriation of \$250 for fuel and \$50 for prisoners' blankets.

**SALARIES UNCHANGED**  
Salaries for the following officers were left unchanged by the committee: County clerk, \$2,700; treasurer, \$2,500 including extra clerk hire; sheriff, \$2,500 and \$500 as extra allowance; clerk of courts \$1,300 plus fees; district attorney, \$2,000; physician \$500; workhouse superintendent \$2,000; municipal court reporter, \$1,500; deputy clerk of court, \$1,000; highway accountant \$1,500; janitor, \$1,500 including extra help.

The salaries of the county school superintendent, \$2,500, his stenographer, \$1,200, and that of the county agricultural agent \$2,000 including expenses, were fixed by the board by special appropriation. The salary for the present term of the highway commissioner was fixed in November, 1922 at \$2,000.

**Bicycle Damaged**  
A bicycle belonging to John Schroeder, 433 Elmwood, was damaged when it was struck by an automobile owned by C. E. Brady of Manitowish, Friday afternoon. The bicycle was standing at the curb in front of Fernand and Bauernfeld clothing store on Collegeave.

## Comfortable Teachers Mean Higher Markings

Lawrence College Instructor Illustrates Psychology Of Comfort

Buy easy chairs for your professors and not portable racks for their books. Lawrence students, if you would "get by" in your quarter examinations. One of the younger professors in your midst has proved conclusively to himself and even has convinced so many a person as a reporter that his physical comfort while correcting examination papers influences to an alarming degree the marks which he places upon your papers.

The reporter called upon John Sullivan, an instructor at college not so long ago. Having been in college with the young man, the reporter said: "For Heaven's sake, John, what sort of a person is that behind which you are sitting? Are you too tired to sit up to your desk to correct papers?"

Mr. Sullivan explained that the conception behind which he was sitting was an invention of his own, calculated to make it easier to correct the many papers which the teaching of foreign languages makes necessary. It is a simple apparatus made of wood and an exceedingly reasonable figure. It looks much like a miniature table except that the large flat board on the top is placed at an angle so that papers when put upon it are held up in front of the professor's face. The professor can correct them as he sits back in his chair. When the papers are thus elevated, it is not necessary for the professor to bend over his work and

thus he finishes his task without undue exertion.

**AFFECTS MARKS**  
The reporter led him to talk further of the advantages of the system. He said: "Yes, I think it does affect the marks, especially the marks of the better students. If I am sitting here comfortably correcting papers and I happen upon a mistake which one of the good language students has made carelessly, I just mark the grade down. If I am tired and cross from sitting in a cramped position and I happen upon the same mistake, I think: 'There's that same absurd mistake again.' Nothing but careless and inattentive! Immediately I check that mistake and discount the mark generously for the student's stupidity."

Since the French instructor has a theoretical patent on his own invention, it might be well for the Lawrence students to get the next best thing, buy a great comfortable armchair for each of the professors. Who ever heard of a professor giving horribly low marks when he was doing off to sleep? If you could induce them to sleep longer, the papers never would be corrected and then who could prove that you really know as little as you know you do?

## I SPIED TODAY

CHERRY-ST BRIDGE

It is interesting to watch the progress of the Cherry-st bridge, but it is more interesting to listen to the comments of the many visitors who crowd the north clay bank on Sunday afternoons. Variations in individual judgment furnish amusement. Most every one seems to be satisfied with the date set for completion, but some who view the project for the first time are disappointed while others marvel at the engineering feats which have already been performed. The cableway is the center of interest. People speculate on its height and span with all sorts of conclusions. The old river draws its share of comment. Even the regular visitors never fail to look up stream at the beautiful stretch of shining water. All in all,

there seems to be a general satisfaction as to method and kind of construction. A good job is being done.

**MORE PENNY SAVERS**

Friday while we were in the country visiting we took a walk in the woods near the place we were visiting.

We found many city folks had been out after their Christmas trees and had left the woods in a deplorable condition. Most of them had cut 30 and 40-ft. trees and taken off the tops, in chopping down the big trees they had broken off many little trees. If the city folks who are so tight that they go out after their own trees, do not use more discrimination there will not be any trees worth cutting in a year or two. Then they can pay a handsome price for trees imported from up north.

**SHE COULD STAND IT NO LONGER!**

As the real truth of her position was revealed to her she sank down — avoiding the accusations of a once selfish soul awakened. She must reap the penalty of her sins! Was it true after all that the gorgeous surroundings of glittering wealth could not compensate for an empty heart? This is the greatest heart-and-soul interest picture that Lois Weber, who is responsible for many sensational successes, has ever made. A picture that runs the whole gamut of human emotions — gripping, real, intensely satisfying, and totally different from anything you have ever seen on the screen. A big, clean, wholesome picture that the whole family can see.

## First Child Clinic Of Club Friday

Dr. Sylvia Stuessy Will Examine Infants If Brought To Clubhouse

Friday will find Appleton Women's club a veritable bery of babies and preschool age children for it is the day set for the first of four baby clinics which Dr. Sylvia Stuessy will conduct in Appleton. It is expected that the doctor will have all the children she can examine in the one day if the records set last year are equaled.

Dr. Stuessy comes to Appleton through the cooperation of the state board of health. She will examine all children under the age of six years free of charge, but her work is purely advisory. All corrective work must be done by the regular Appleton doctors. The purpose of the clinic is to eliminate from the growing children of today the constitutional defects which grown people are now suffering from because they were not looked after in their youth.

Mrs. H. A. Babcock is chairman of the clinic. Any mothers who cannot get to the clubhouse will be taken there in cars if they will notify the chairman. Anyone who has a child or knows of a child not yet in school which she wishes to have examined may bring it to the clinic, which will open at 9 o'clock and continue throughout the day.

## Tells School Children Of Sarg Shows

The spirit of Tony Sarg's Marionettes which will appear in three plays at Lawrence Memorial chapel on Friday is making the groupings as enthusiastic to the productions as are the children. On Monday Miss Gladys Brainard spoke in all the schools, telling the children of the performance. Miss Brainard is sponsoring the marionettes in Appleton.

Two beloved stories of every child, "Little Red Riding Hood" and "Hansel and Gretel" will be given at the matinee performance. The novel fantasy story "Don Quixote" will be given in the evening.

## NEW SONGS FIGHT FOR FAVOR HERE

"Last Night on the Back Porch" is still holding its place as the most popular photograph record in Appleton music stores. Many new pieces have come forward, and although they are on the list of popular records, have not yet established themselves as the best sellers. "Just a Girl That Men Forget," "Love Sends a Little Gift of Roses" and "Oh Gee, Oh Gosh, Oh Golly, I'm in Love" have had good sales last week. "That Old Gang of Mine," which was extremely popular about a month ago, has come back into sudden favor, and must be classed as one of the most popular pieces. The five most popular records at local music stores last week were:

Columbia—Last Night on the Back Porch, Journey's End, Other Lips, Love, Slavonic Dance (reissued). Victor—Just a Girl That Men Forget, Steamboat Sal, Ten Roof Blues, The West a Nest and You, Love Sends a Little Gift of Roses (McComack). Edison—If I Knew You Then as I Know You Now, I'm Sitting Pretty in a Pretty Little City, Covered Wagon Days, That Old Gang of Mine, The World is Waiting for the Sunrise (Louis James).

O'Kei—No No Nora, That Old Gang of Mine, Marchetta, Last Night on the Back Porch, I'm Drifting Back to Dreamland.

Brunswick—Easy Melody, When Clouds are Vanished and Skies are Blue, I'm Drifting Back to Dreamland, Walk Johnny Walk, Turkish March (Hofmann).

Victor—Last Night on the Back Porch, Just a Girl That Men Forget, Oh Gee Oh Gosh Oh Golly, Waltz of Long Ago, The World is Waiting for the Sunrise (Wernerath). Edison—Last Night on the Back Porch, That Old Gang of Mine, Oh Gee Oh Gosh Oh Golly, Mama's Got to Slow Down, If I Don't Get the Sweetie I Want I Put the Sweetie I Get.

## Your Question And Its Answer

QUESTION — "My neighbor's little girl was sick the other night with cold and fever. Was I right in telling her your adjustments would get quick results?"

ANSWER—You were quite right in offering your advice. In fevers, the radiation and elimination of excess heat is mainly through the skin, and the skin is largely governed by the kidneys. Spinal Adjustments in the dorsal region where the nerves are pinched will cause the kidneys to function 100 per cent, thus restoring proper elimination of poisons and bodily waste. A cold with fever never gets far under Spinal Adjustments, as the real cause is quickly corrected. This is equally true in most acute ailments. We are not handicapped with the uncertainty of diagnosis and the element of doubt in prescribing a remedy. We readily recognize the cause of the patient's illness, and we require but one remedy, the correction of the cause. Evidently you have been well informed as to what may be expected from Spinal Adjustments.

## COUNTRY ROADS ROUGH WHEN RUTS FREEZE SOLID

The severe frost Sunday evening following the rains of two days previous has caused the dirt roads of the country to be somewhat rough. Rural mail carriers report, however, that dirt roads in general are superior to those of previous years. They are hoping that it will not snow so they will be able to use their automobiles for delivery for some time, to come. Two years ago they were forced to use their sleighs on Dec. 17, but last year they were able to use their automobiles until Jan. 9.

## OVERALL PARTY PLANNED BY PRESBYTERIAN MEN

Men and older boys of Memorial Presbyterian church will be entertained at a "basement picnic" Friday evening in the church parlors. All those who come have been requested to wear overalls and to bring hammers and screw driver, for work will be a part of the picnic. A prize will be awarded to the wearer of the oldest pair of overalls. It has also been requested that several extension light cords be loaned the group for the evening.

NUN DIES IN FIRE WHICH DESTROYS LA CROSSE CONVENT

Sister Ledwina, 70, Is Victim Of Sunday Blaze—Loss Is \$175,000

La Crosse—In a spectacular blaze at noon on Sunday which destroyed the dormitory wing of the St. Rose convent, Sister Ledwina, 70, was killed and the lives of 155 nuns residing at the convent on danger.

The convent is the mother house of the Order of Franciscan Sisters of Perpetual Adoration and was built in 1820. The loss is estimated at \$175,000.

Sister M. Panarella, portress of the convent, marooned in her room on the third floor by flames, was carried to safety by firemen.

Shortly after the convent was emptied it was discovered that Sister Ledwina was still in the building. Upon entering her room, firemen found her badly burned and overcome by smoke. She died shortly after being taken to the St. Francis hospital, which adjoins the convent and is maintained by the order.

The fire originated in the basement when a gas appliance exploded. The flames spread through the elevator shafts and ignited inflammable matter in their path. Within ten minutes the entire dormitory was gutted by the flames.

While the fire raged only a few yards away, the nuns calmly continued the service of perpetual adoration, which is a feature of the order in this section of the country. The chapel, although part of the burned building, was not damaged, due to heavy fire walls.

The fire was confined to the convent, although for a time it appeared as if it would be necessary to move 1,000 patients confined in St. Francis hospital. Nathan McLees, who was injured in an airplane accident near Virage two days ago, is a patient.

The St. Rose convent is the chief establishment of the order, being not only the mother house but also the Normal training school of the sisterhood which specializes in hospital and school work.

STRONG ARM OF LAW INVOKED TO STAMP OUT DELINQUENCY

Demand Kaukauna Children Of School Age Register For Instruction

Kaukauna—There still are a few children under 15 years of age not attending school regularly who believe they can avoid registering and attending the vocational school, according to information received from the office of A. T. Hudson, vocational school director. The laws which require all boys and girls under 15 who do not attend any other school to take instruction of some sort in the vocational school have been passed to protect the children against the hazards of child labor, Mr. Hudson said. At present it is occupying most of the time of the office clerk to mail letters to parents or guardians of the delinquents warning them that they, the parents, are liable to arrest and a fine if they do not see that the children attend school regularly.

Records show that several boys and girls have not yet been registered in the vocational school. Slowly but surely, every one is discovered and the law is put to work. Parents are first notified of the delinquency of the child. The letter contains an extract from the law which reads: "Any parent or guardian who allows a minor under his charge to become delinquent in school attendance shall be liable to arrest, and upon conviction shall be fined not less than \$5 and not more than \$25 for each offense, or imprisonment, or both."

If the letter fails to bring results the law is summarized. In a local case, children have been discharged from their jobs because they refused to register at the vocational school. All next time must be made up. If a student is absent two or three times it is regarded the same as a half day's absence and must be made up accordingly.

Social Items

Kaukauna—The annual bazaar of Brookaw Methodist church will be given Tuesday afternoon and evening in Epworth home. The annual event is conducted by the Social Union. A buffet lunch will be served.

The monthly meeting of the Senior Christian Endeavor society of Reform church will be held Monday evening in the church basement. Routine business will be disposed of.

Mr. And Mrs. McClone Tell Interesting Tales Of Life In Early Days

Bear Creek Couple Had To Walk 12 Miles To Attend Service—Celebrate Fifty-third Anniversary Soon

Special to Post-Crescent  
Bear Creek—Interesting incidents of pioneer life are recalled by Mr. and Mrs. Anthony McClone, Sr., of this village, who were among the early settlers in the town of Deer Creek. People delight in gathering at their home to hear them recount some of their experiences.

Mr. and Mrs. McClone were born in County Mayo, Ireland, and spent their youth there. They were married at Castle Bar, Feb. 21, 1871, and will celebrate the fifty-third anniversary of their marriage in the evening of Thursday. The fiftieth milestone was honored with a celebration two years ago.

The couple lived at Castle Bar, Ireland, for more than two years after their marriage and then decided to come to America. They sailed for eight days and two hours and landed at Castle Garden, N. Y., April 17, 1874. From there they went to Geneva where Mr. McClone worked in a nursery for about three months. They came to Bear Creek in August, 1874, and took up farming in the town of Deer Creek.

Mr. and Mrs. McClone tell of cutting grain in the early days at times when herds of deer would wander around them like tame sheep.

Going to church those days was not a simple task. They had to walk 12 miles, going south on a road trail until they reached Maple Creek, and then walking westward to Bear Creek. The church was located on what now is highway 32, about half a mile south of Bear Creek corners. They often would carry their baby this distance and would take turns attending when there were services.

Oxen were used in the early farming but horses were substituted as soon as they could be purchased in this locality. The land was covered with timber when the family first took possession but they cleared a bit.

Each year until all the woods was removed, Mr. McClone recalls his first woodcutting attempts when removing trees near the home. He did this work when there was about two feet of snow on the ground. His wife and children were bundled into blankets and remained at a safe distance from the house until the trees were felled.

The farm has been sold to their son Stephen, who occupies it with his family.

Eight children were born to Mr. and Mrs. McClone. One died in infancy and a son Thomas died May 2, 1913. The others are: M. M. McClone, owner of a general merchandise store in the village; A. M. McClone, former assemblyman and now chairman of the town of Deer Creek; Mrs. J. J. Newland, Appleton; Mary, Bear Creek; John McClone, farmer at Embarras; Stephen, farmer at Deer Creek; Anna, Bear Creek; Mrs. James Johnson, living on a farm at Maple Creek. There are 35 grandchildren and one great grandchild, the daughter of Mr. and Mrs. Henry Meany of Appleton.

Mr. and Mrs. McClone both are in excellent health. Mrs. McClone does her own housework and her husband occupies himself with a flock of chickens and with a garden in season.

Ouch! That's Neuritis

Morning, noon or night that sharp piercing pain smites you in the shoulder, arm or nape of the neck. Sometimes it is felt in the thigh or leg, while in other cases it wanders over the entire body, giving knife-like thrusts here and there. Perhaps you think the trouble is rheumatism or sciatica, and treat it as such, hence the reason why you get no lasting relief.

Eopa Neuritis Tablets are compounded especially for the treatment of neuritis in all its forms. They help to remove inflammation and restore the diseased nerves to sound condition.

Begin taking Eopa Neuritis Tablets today and watch your pains fade away. Perfectly harmless, but wonderfully effective. Price \$1. Sold in Appleton by Voigt's Drug Store, Boerliche & Runyon Co., manufacturers, San Francisco.

# Veterans Will Hear Noted Legion Leaders At Meeting Tonight

An attendance that will break previous records is expected at the meeting of Oney Johnston post of the American legion at 8 o'clock Monday evening in Elk hall because of the elaborate program which has been arranged.

Legionnaires who hear an inspiring speaker usually come back for more and that is expected to be the case at this meeting because of the presence there of J. H. McGillan of Green Bay, who with Vilas Whaley of Racine, and F. Ryan Duffy of Fond du Lac, will make an address.

Mr. McGillan is one of the leading attorneys of the state and a man high in naval affairs. He holds the rank of lieutenant-commander, and is in charge of the naval reserve forces of Wisconsin. He was commander of a destroyer for a time during the World war and was an aide to Josephus Daniels, former secretary of the navy, while on an inspection tour from coast to coast.

Legion development has been one of the activities to which Mr. McGillan has given much of his time. He is commander of the legion post at Green Bay and is executive committee member of the national legion board for the state of Wisconsin. His eloquence as a speaker is known far and wide.

A dinner is to be given at Conway hotel at 6 o'clock by the executive committee for the group of more than half a dozen prominent legion men of the state who will be here.

## DR. MARSHALL SPEAKS AT MEDICAL MEETING

# USE OF POWER IS BIG PROBLEM OF NEW GENERATION

Dean Shailer Mathews Discusses Moral Tasks Of Youth At Forum Meeting

The rising generation is forming its own moral interpretation of the staggering tasks which face it, Dean Shailer Mathews of the School of Divinity of the University of Chicago, declared in an address at Lawrence, Wisconsin chapel on Sunday evening. His topic was "The Rising Generation and Its Moral Tasks." He had a large audience, a goodly proportion of which was of the younger generation which had been attracted by the title and the speaker.

In opening his address, the speaker pointed out that the rising generation and by that he said he meant the young people under 30 years of age, picks up the world which the former generation had made for it. Naturally it goes on from where its elders left off and the older people cannot understand the progress. He said that this is not the first time that we have had young people nor the first time that the older generation has failed to approve of the doings of young people.

AGE OF FREEDOM Dean Mathews passed over the usual features of discussion concerning

the young people's moral by showing that they were living in an age of freedom, an age which has developed so rapidly since 1914 that its moral issues are still lagging behind. He is convinced, however, the the young people now are forming their own moral attitudes on their way of living and he said that people can only hope that they will be the right attitudes. It was with the better portion of the world that the dean was most concerned. He talked of the way in which the younger people are beginning to look at business ethics and the way in which they are insisting on fair play. He pointed out that this generation will have a great influence on the next war because it must determine what the morals of a nation in war shall be.

## HAVE GREATER POWER

"We have given these young people great power and we are wondering what they will do with it," said the speaker. "When we think of the power of money, we hope that these young people will use it to advantage. We have been so busy in our generation just getting the power that it has not been easy for us to determine how to use it. That great task is now left for the young people and they will face it, they are facing it now."

In the treatment of the relation of the young people to their parents, the dean spoke in a humorous way. He said that the young people are always very tolerant of their parents' and elders, but they consider them mid-Victorian, bourgeois and Puritan, all of which are just impossible. They are always kind and patient, he said, but they are firm in believing that they are right.

# \$1,000 GOAL FOR CHRISTMAS SEAL SALE IN APPLETON

Mrs. J. P. Frank, Campaign  
Chairman, Enlists Help  
For Drive

Mrs. J. P. Frank, appointed chairman of the Red Cross Christmas seal campaign here, announced on Monday an effort to sell \$1,000 worth of stamps in Appleton before Christmas. Appleton, she said, has never reached its Christmas seal quota but an effort will be directed this year toward going "over the top."

Half of the money realized from the sale of seals will be retained by the health department of Appleton. The other half goes to the Wisconsin Anti-Tuberculosis association.

Members of Appleton Woman's club will begin personal solicitation Tuesday to sell the seals. Next Monday pupils in the schools will take up the work. Mrs. Frank and her committee will endeavor to enlist the aid of every merchant and manufacturer in Appleton to make the sale a success.

The campaign is being organized in the county under the direction of the anti-tuberculosis organization. Town and village chairmen are being appointed and the sale is underway.

# TELLS FRENCH DRY LAW IS GAINING

Sachtjen, State Prohibition  
Chief, Reveals Situation  
In Talk At Fondy

Prohibition enforcement conditions in Wisconsin are becoming better, according to statements made to D. P. French, superintendent of Appleton district of the Wisconsin Anti-Saloon league at a conference in Fond du Lac last week by Herman W. Sachtjen, chief prohibition enforcement officer for the state.

Mr. Sachtjen made an address explaining the difficulty of enforcement with an appropriation of only \$50,000 and a staff of 12 men. Mr. French arose after the speech and asked several questions which were answered by the official.

One of the newspapers containing the account of the meeting says:

D. P. French, superintendent of the Appleton district of the Anti-Saloon league, told Mr. Sachtjen before he put his question that he did not have to answer it if he preferred not, and inquired if it was the enforcement officer's sincere conviction that conditions are better now than they were a year or two ago?

"Oh, yes," replied Mr. Sachtjen. "I am confident that the world is getting better all the time."

"But I mean in relation to prohibition enforcement," insisted Dr. French.

"Why, yes, I believe it is," Mr. Sachtjen replied.

Several elderly women inquired as to the best means of getting action out of district attorneys and sheriffs and judges, mentioning the word "impeachment," and Mr. Sachtjen assured them that if county officers would not do their duty impeachment proceedings should be started with the governor.

# BACK PORCH SONG AT LAST IS FORCED OUT OF LEAD

"Just a Girl That Men Forget" took the place of "Last Night on the Back Porch" as the most popular piece of sheet music in local music stores last week. "Love Sends a Little Gift of Roses," "When the Clouds are Vanished and Skies are Blue" and "Tin Roof Blues" also have been more than ordinarily popular with sheet music buyers. The five most popular pieces at local stores last week were:

Wm. H. Nolan—Just a Girl That Men Forget, Wonderful One, Tin Roof Blues, Love Sends a Little Gift of Roses, Roses of Picardy.

Meyer-Seeger—Sittin' In A Corner, When Clouds are Vanished and Skies are Blue, Gypsy Love Song, Just a Girl That Men Forget, Love Sends a Little Gift of Roses.

Irving Zuelke—Last Night on the Back Porch, Just a Girl That Men Forget, Lonesome at Twilight, Little Red Schoolhouse, When the Clouds are Vanished and Skies are Blue.

# MANAGERIAL RULE OF CITIES IS NEXT C. OF C. SUBJECT

Ford H. MacGregor And Others  
To Speak At Forum Dinner Here Dec. 18

Managerial government of cities will be the topic of the monthly forum dinner of the chamber of commerce on Dec. 18. Several men who are well informed on this subject will be invited to speak here, one of whom is Ford H. MacGregor, secretary of the League of Wisconsin municipalities. Wisconsin now has a law permitting cities to adopt a form of government where a municipal expert called a city manager is engaged. Two places, Kenosha and Janesville, now are operating under the plan. An election was held here several years ago at which the move was defeated, and the situation was resumed early this year when advocates of the commission plan urged a return to that system.

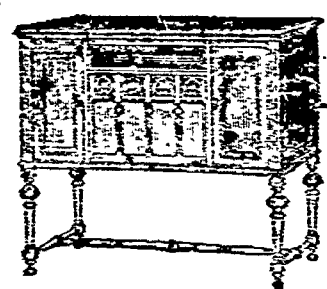

The chamber of commerce believes the subject of interest to a sufficient number of citizens so that an impartial discussion would be of value. Managerial government therefore was made a topic of the forum program.

Letters of appeal are being received here from the institution for epileptics at Bethel, Germany. American contributions are sought to help maintain the hospital, in which there are 12,000 patients. Most of the letters are addressed to leading German Lutherans of the city.

# 26 BADGER PAPER MILLS COMBINE IN PRODUCTS EXHIBIT

Appleton Men On Committee In Charge Of Display In Milwaukee

Twenty-six Wisconsin paper manufacturers are represented in the paper exhibit which is one of the biggest features of the Wisconsin Products Exposition in Milwaukee. Several Appleton men are on committees in charge of the exhibit.

About 2,000 square feet of floor space is required for the paper exhibit. This is by far the largest space taken by any industry. The various processes of making paper and the raw materials in the stages of manufacture are shown. A feature is a miniature paper machine owned by the American Writing Paper Co. of Holyoke, Mass., which is in operation all during the exposition.

Raw material is shown in every stage from the wood as it leaves the forest until it goes on the paper machine. Photographs show the types of machinery used in paper mills.

The general committee of the paper industry in charge of the exhibit consists of L. M. Alexander of the Neenah-Eddwards Paper Co., E. C. Evenden of the Marathon Paper Mills, Frank Holbrook of the Combined Locks Paper Co., F. J. Sensesbrenner of the Kimberly-Clark Co., and M. A. Wilmer of the Kimberly-Clark Co.

Subcommittee members are C. A. Fourness, Kimberly-Clark Co.; M. J. Wilmer, Combined Locks Paper Co.; W. H. Felsch, Thimmar Pulp and Paper Co.; Franz Rosenthal, Neenah-Eddwards Paper Co.; Robert Altman, Marathon Paper Mills.

The exposition started in the Milwaukee auditorium on Dec. 1 and ends on Dec. 8. A number of Appleton people are attending the big display of Wisconsin products.

# HEAVY DEMAND FOR U. S. SAVING NOTES

Postmaster Zuehlke Forced To Wire For New Supply Of Certificates

The postoffice on Saturday experienced one of the busiest days in its history as far as the sale of government securities is concerned. The new issue of the United States treasury savings certificates, the interest on which has been raised from 4 to 5 per cent, brought about as many purchases as the office usually sells in a month. As a consequence, the initial supply received at the postoffice has been very nearly exhausted. A new order was telegraphed by Postmaster William H. Zuehlke at once to meet future demands.

Postmaster Zuehlke also announced on Monday that the treasury department has authorized him to offer owners of the 1919 war savings stamps an opportunity to renew their investment at a higher rate of interest by exchanging them for the new treasury savings certificates. Every 1919 stamp presented at the postoffice this month will be accepted at its face value of five dollars if used as payment for one or more new certificates. The certificates may be purchased now, but will be dated Jan. 1 and will bear interest from that date to Mr. Zuehlke is anxious to handle the bulk of these exchanges, which are expected to be many, before the usual Christmas rush is under way. The new certificates are in denominations of \$25, \$50 and \$100, but are sold for \$20, \$30 and \$50. They mature in five years but can be redeemed at any time, in which case the rate of interest is 3 1/2 per cent.

# WRIGHT'S LATEST BOOK IN LEAD HERE

"The Mine With the Iron Door" was the most popular book in Appleton Public Library last week. The story is written by Harold Bell Wright, who is said to have visited the section of the country which the story is written about and collected the material from stories and superstitions that have been handed down from generation to generation.

"Life of Christ" by Papin is still on the list of most popular books. Because this book has been popular for such a long time it is interesting to note what reviewers think about it. One, James W. Dean, says: "Life of Christ" by Giovanni Papin (translated by Dorothy Canfield) seems a futile thing to me. He admits the fine literary style of the Bible and then sets forth the story of Christ in a less worthy style. Certainly he tells us no more of Christ than the Bible tells us."

One of the newer books, "Broad," also has been much in demand. The story deals with a woman and her experiences in the business world. The author, Charles G. Norris, presents in a vivid picture some of the aspects of the average business woman's life—the benefits, the hardships, the effects upon her character, her view

point, the influence economic independence plays in her life if she eventually marries and considers home life.

"A Lost Lady" by Willa Cather, which was featured last week, and "The Outline of Science" by Thompson complete the list of the five most popular books for last week. Technical books are steadily growing in demand and the opportunity for reading this type of book has never been so great as it is now, for books on almost any trade are available at the library.

# Cough, cough, coughing—all night long

**You can stop it . .**

That cough—it keeps you awake at night, breaks your rest, wastes your strength, endangers the delicate tissues of your throat and chest—break it up now.

For more than fifty years, thousands of families have relied upon Dr. King's New Discovery to break up coughs. It does this quickly, naturally by stimulating the mucous membranes to throw off the secretions that are clogging them. Harmlessly, and without any bad after-effects, it quiets the throat and lung spasms, and the irritation that is causing the cough then promptly clears up. It has an agreeable taste. All druggists.

Exhausting night-coughing is quickly stopped with this simple household remedy.

# FIFTY TAKE PART IN CHURCH FINANCE DRIVE

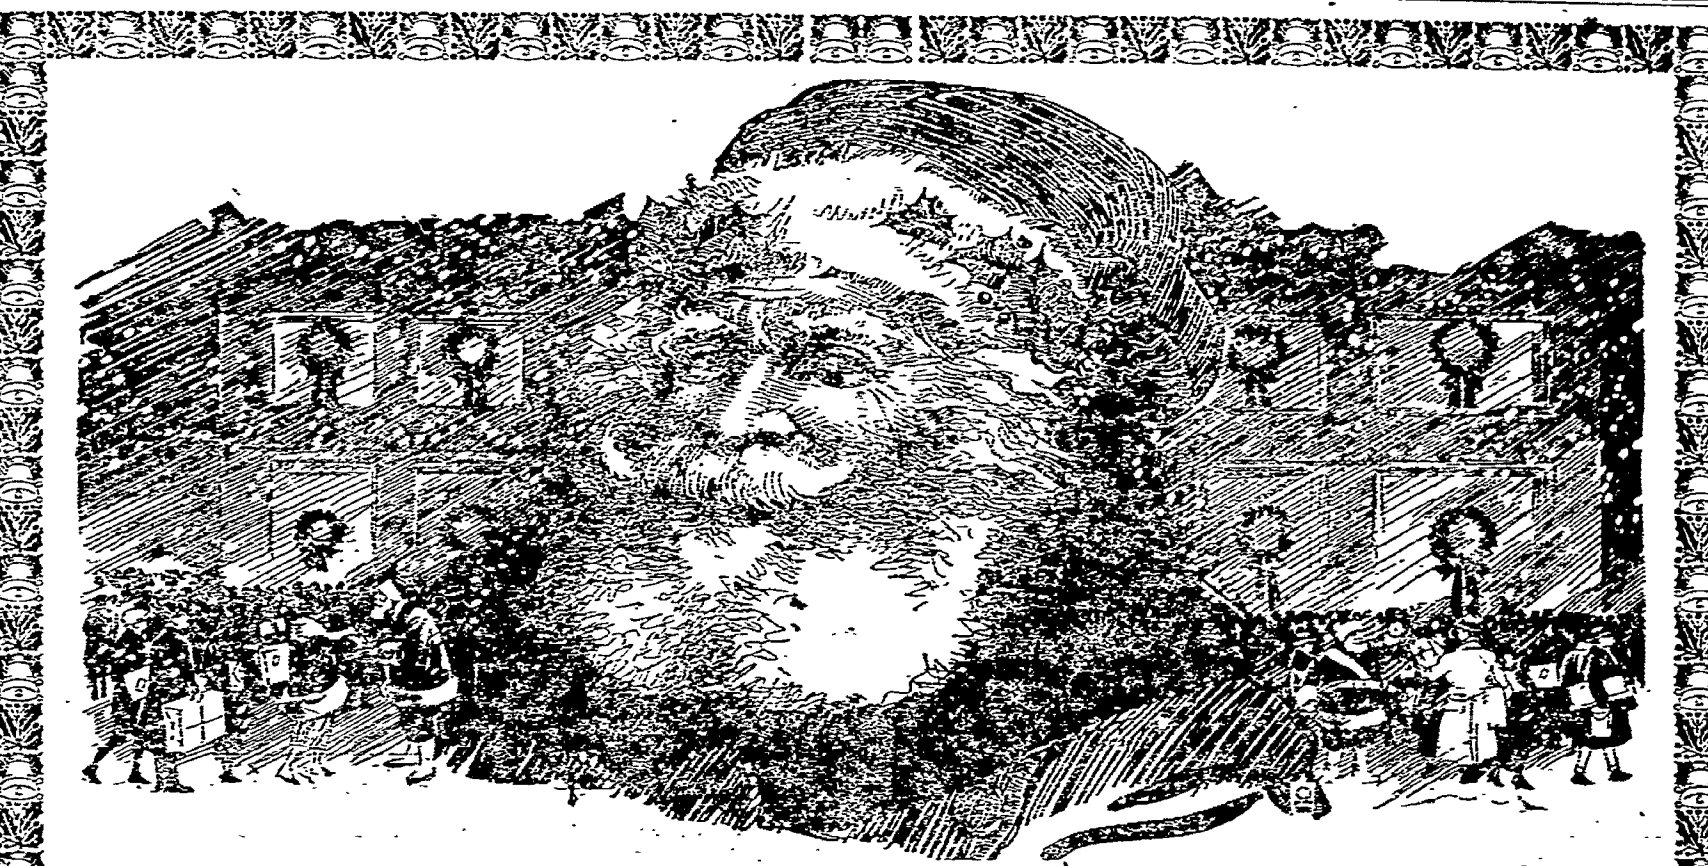

About 50 members of First Congregational church took part in a "very member" canvass Sunday afternoon in an attempt to raise enough money to meet the church budget for 1924. The parish is so large that it is divided into districts, each group of canvassers looking after one district. The budget for 1924 amounts to \$11,000, and up to a week ago Sunday \$15,000 had been pledged. The results from last Sunday are not known as yet.

in church activities. He touched on the prohibition problem long enough to remind his hearers that much of the talk of conditions, being worse than in former days is propaganda. He then illustrated ways in which God is revealed to people and pleaded for vision among Endeavorers, and real to reach out and help others to be good Christians. The devotions were conducted by the Rev. H. A. Bernhardt, pastor of Emmanuel Evangelical church, and the Rev. S. D. Welles, pastor of Seymour Congregational church.

CABLEGRAM FROM MRS. JOSEPH GRAVES HAMILTON TO HER DAUGHTER, ALICE HAMILTON

Leslie and Jack have adopted beautiful baby boy. Leslie getting well as fast as possible and is very happy. Have written you all our thanks. MOTHER.

Letter from Karl Whitney to Mrs. Joseph Graves Hamilton.

MY DEAR MRS. HAMILTON: I know you will be interested to learn all about Alice and so I am trying to write you a letter which will be about my reactions to her.

I have never seen a girl who has changed as greatly as Alice has in the few months she has been over here. England and the British outlook have done her a world of good. She is a glorious specimen of womanhood.

She is just as bright and peppy as ever and sometimes she amuses me and shocks the Britishers by her American slang, but for all that she has wonderful poise and is developing into a most splendid woman.

She was greatly perturbed over Leslie's condition and most delighted when she received the cable which told her that the Prescotts had adopted a little boy.

Alice is exceedingly popular among the people whom the Stokelys have gathered about themselves. I told her the other day that she probably would go home taking with her a title, as more than one young British-

er, with a prefix to his name, is hanging about her.

And do you know, the child really blushed. This made me look the young chaps over very carefully when they came to see her the next time and for the life of me I could not see that she gave any one of them the preference. She told me in confidence that evening, when I tried to pump her more that when she married she was going to marry an American.

Hurray for our side of the Atlantic!

I'm rather sorry that I did not act upon your suggestion and bring those pearl beads over to Alice. She seemed so disappointed. Said they would look so well with that pearl ring I gave her before she left. The girls wear evening clothes more often here than in America.

I wonder if you would mind, dear Mrs. Hamilton, if I made Alice a present of a small string of inconspicuous pearls? They would look so well on her and you people have always been all the relatives and friends I have ever had.

By the way, Alice and I went shopping the other day and we are sending the new baby a silver cup and spoon. Alice said that even if this child was not born with a silver spoon in his mouth, he deserved one. She is quite original in her ideas, isn't she, Mrs. Hamilton? I anticipate a very lovely summer with her and the Stokelys.

With much love to Leslie and TOMORROW — Jack Prescott to Sydney Carton — A loving "father."

## Adventures Of The Twins

Davy Deer's Horns

Chatterbox Maggie came flying toward Mister Gallop's cave, squeaking like a horn with a bad cold. "Quick! Quick!" he shouted. "You're needed! Mister Gallop, Davy Deer's got his horns caught and can't get loose. Mister Hunter Man is coming up the mountain on his horse and he's got a big gun. Oh, do hurry!"

"Chatterbox, you're a nice fellow after all," said the cowboy. "You're a good friend to all the mountain folk. It's a fact, even if you are a twinkle. Yes, I'll help Davy Deer. From Mr. Nanny and Mr. Noddy, I'll start for the place at once. You'd better fly over to the train where Mister Hunter Man is riding. Chatterbox, and do what you can to help him back."

The twins came at once and did not their little fat bodies as fast as they could. "Then the three of them dashed away toward the place where Davy Deer was."

But after all, they couldn't get near enough to help him. He was too good, for he was a place that no person can get his feet.

"Well, have to get off our bodies and crawl over on our hands and knees," declared the twinkle. "It's too bad you were riding those sheep. They're so fat they're like a wall."

Just the fifteen minutes that Miss Gallop and Nanny and Noddy needed to reach Davy and to whistle started.

# DANCE ORDINANCE FOES TRY TO BLOW UP NEW COUNTY LAW

Chairman Overrules Attempt To  
Revive Discussion Of  
Ordinance

The newly enacted dance hall ordinance was on the verge of shipwreck in the closing minutes of the final session of the county board of supervisors Saturday afternoon, when J. G. Hildebrand of New London moved that the ordinance be laid over until the next session, which probably will take place in February.

Other supervisors argued for the withholding of enforcement on the grounds that the ordinance is far from being perfect, and that it was passed after too little consideration. The ordinance was also criticized for providing no compensation for the county chairman who is to issue the yearly licenses. The supervisors will draw the \$10 yearly license fee as compensation for issuing out individual permits at \$5 each.

The dance "inspectors" are to draw the \$5 inspection fee, but no mention was made of compensation for the county chairman's extra work.

## WOULD GIVE IT A TRIAL

Supervisor P. H. Ryan of Appleton opposed tabling the ordinance, maintaining that no ordinance has yet been drafted that is absolutely perfect and satisfactory to every one. He advocated giving the ordinance a trial with the recourse of making amendments later, if they are found necessary. As for providing the county chairman with compensation, he said he felt sure Chairman George F. Fiedler would willingly issue the licenses for the few dance halls there are in the county and that, if compensation is due him for this labor, the board can arrange this at a later meeting.

Supervisor F. A. Grant of Grand Chute and Charles Schultz of Hortonville supported Mr. Ryan in his stand, and Supervisor John Tracy of Appleton withdrew his second to the motion to postpone the action. Supervisor Anton Jansen of Little Chute then promptly seconded the original motion.

## OUT OF ORDER

Mr. Tracy, rising to a point of order, asked if the motion to table were not in itself out of order, since the ordinance was already passed. Joseph T. Doerfler, president of Kimberly asked if even a motion to reconsider would not be out of order on account of the time limit of 24 hours. Chairman Fiedler confirmed both points of order and ruled Mr. Hildebrand's motion out.

The board thereupon authorized John A. Lonsdorf, district attorney, to proceed with preparing the necessary papers, such as licenses, permits, bonds, etc., with which to enforce the ordinance. Official publication of the ordinance will be withheld until this work is completed.

Several supervisors sought to have the board hold a session Saturday afternoon in which to appoint a staff of dance hall inspectors, as is required by the ordinance.

Appointment of inspectors was deferred until the February sessions when Mr. Lonsdorf informed the board that in vacancies, according to the ordinance, the individual supervisors may appoint temporary inspectors or may draw upon the deputy sheriffs.

## RULE ENTERS PROTEST

During the Saturday morning session Supervisor F. J. Harwood moved to reconsider Friday's vote on the adoption of the equalization committee's report so as to give A. C. Rule, city assessor of Appleton, an opportunity to speak on the matter of equalization.

Mr. Rule said he did not protest particularly against the high assessment, \$33,999,694, chalked against the city of Appleton, since high assessments do not necessarily mean high taxes. But the increase, he said, was not proportionate, compared with the assessment of other tax districts. A few years ago Appleton percentage of the county's tax was 29.35 per cent. It was raised to 31.23 and last year to 31.90 which was in itself high enough he said. But this year the percentage has been raised to 33.15 which he called a gross injustice to the city. The equalized value was \$5,000,000 more than the assessment that he himself placed on the city, he said.

He also protested against lateness of the report. In other years, during the time that he was assessor of incomes, the equalization committee made its report the first week of the fall session of the board. Cities should have at least a week's time in which to study the report and be given opportunity to enter protests, he said. The city of Appleton was given no opportunity to be heard at this meeting and he did not know what the report was until Saturday morning, he said.

## OFFEGARD EXPLAINS

Anton Offegard, acting assessor of incomes, was given opportunity to explain why the equalization committee had no report to work on at an earlier date. He said that proposed changes in taxation at the last session of the legislature held up the work in his office here, and curtailment of expense allowances and clerk hire by the tax commission prevented him from completing the work earlier. The report was ready, however, Wednesday, he said, but the committee was not inclined to have a session until Friday afternoon. He said he was sorry that the city of Appleton was not represented at the meeting. He said that Appleton had no cause to complain over its assessment, but is getting off rather easily.

Mr. Doerfler protested against the assessment on Kimberly which was placed at \$4,162,284. He also declared

**MILLER TIRES**

that the lateness of the report practically compelled the board to accept it although not knowing whether it is equitable.

When the motion was again made to adopt the report, Supervisors Doerfler, Tracy and Rademacher voted in opposition for the sake of principle.

## HELP FOR SOLDIERS

Among the various resolutions submitted by the finance committee during the closing session was one which raised the appropriation for indigent soldiers' relief from \$400, as recommended by the local commission on indigent soldiers relief to \$1,000 so as to take in also dependent veterans of other wars besides the Civil war.

Attorney L. Hugo Ketter, commander of the Orey Johnston post of the American Legion, requested that such action be taken, since a new state law makes indigent veterans of all wars or their widows and children eligible to such pensions. He said that justice demands that they be not placed on the list of poor charges but be given pensions. Such pensions do not cover those cases which draw government pensions or other income.

## IGNORE U. S. ORDER

Upon recommendation of the county-state road and bridge committee, the board ignored the order of the United States engineering office at Milwaukee that the county raise the Little Chute bridge 15 inches to comply with an increased elevation of the guard locks there. The board was informed that no record could be found that the county had ever had a part in the erection or maintenance

# BLACK AND WHITE OWL OF HUGE SIZE EXCITES CURIOSITY

Norbert A. Holtschuh's automobile was the center of curiosity when he drove here from his home at Sherman Friday, because it contained a live black and white owl of a larger size than any seen around here. The owl's life wing had been broken by a man who shot at it while he was hunting in the northern woods. Mr. Holtschuh purchased the bird from the hunter and intended to put it to death to relieve its sufferings and have it stuffed.

The owl stood almost two feet high, and in its coloring of black and white was an attractive bird.

of the bridge and is therefore not liable.

A damage claim of H. C. Lutze in the sum of \$34.50 which he said was due him for damages to his automobile when it was forced into a ditch by a patrol team on highway 54 in Black Creek was disallowed. The highway committee maintained that the claimant had sufficient time to pass the patrol team before crossing a culvert at this point.

Although the attorney general declared that Outagamie-co can exceed its 2-mill tax for \$192,405.74 for highway purposes by about \$27,000, the county-state road bridge committee felt that the 2 mill tax is about all that the county cares to stand.

# WOMEN TO ENTER STATE TAX FIGHT

League Of Women Voters Will  
Discuss Problems At Meeting  
in January

Taxation problems of the state will be discussed by the League of Women Voters at a meeting in Milwaukee in January, according to the Wisconsin president, Mrs. Kimberly Stuart of Neenah, who has asked the cooperation of Secretary Hugh G. Corbett of the chamber of commerce in arranging for a large attendance.

Mrs. Stuart asked the Appleton secretary to announce the proposed meeting at the session of the Wisconsin Association of Commercial Secretaries in Milwaukee Tuesday, so that an effort may be made by each member of commerce of the state to induce a large number of women to attend.

An impartial discussion of state

problems is possible at a meeting of the league. Mrs. Stuart thinks, because it has committed itself to no party or platform. Taxation seems to be the outstanding issue in Wisconsin, and the women will attempt to offer constructive ideas for bringing about reductions.

The question has been asked many times, due to inquiries regarding the merits of the process. Pasteurization is the holding of milk at a temperature of 145 degrees for a period of thirty minutes. We have made special preparations to demonstrate the biggest automobile development since the self-starter. You are urged to avail yourself of this opportunity.

Come prepared to drive a car in which you can change speeds instantly and silently on the steepest hills or in the tightest traffic pocket.

**Nothing New to Learn**

You will find the familiar gear lever in its accustomed place at your right hand. You will make exactly the same hand and foot movements to go from one gear to another.

There will be no "high pressure" sales solicitation. Our sole desire is to have every motorist appreciate, first, the marvelous possibilities of this exclusive feature; and second, the performance mastery of the Pikes Peak Motor.

For the first time there is available in a moderately priced car, a truly great power plant—one whose supremacy is officially and nationally established.

Only the 1924 Chandler insures positive

**Pikes Peak Motor**

The development of the Traffic Transmission, the Pikes Peak Motor, in fact, the entire 1924 car with its powerful brakes, indestructible rear axle, facile steering, attractive, up-to-date bodies by Fisher and low prices, was possible only to a great organization like The Chandler Motor Car Company.

Advanced manufacturing skill, advantageous plant location, complete factory equipment, strongly secured financial position, and permanent executive direction all had to be present in preeminent degree.

Virtually everything that goes into the Chandler car is manufactured in Chandler shops.

# Loss Of 5 Veterans Dims Lawrence Hope For Cageing Season

Only Three Of Last Year's Regulars Return To Floor; Appleton High School Vets Place On Quint

Lawrence basketball prospects for the coming season are none too bright, according to A. C. Denney, athletic director. With five of the best men on last year's quint lost through graduation, Denney faces the task of rebuilding a team which will have to play one of the hardest schedules in years, and despite the more than satisfactory showing by some of the candidates for berths on the varsity quint in the interschool tourney, none of them have come up to the standard of last year's squad. Chris toph, captain of the five this year, is a veteran of last season. Cooke and a veteran of last season, Kral, who also were on the varsity quint with him, while Collins played two years ago on the regular lineup, and Zussman was a substitute in 1922-23. Several of last season's Appleton high school stars have been picked as competitors for places on the varsity squad this year, chief among them being Brisse, Heidemann and Mills, and if they keep up the form displayed in the class tourney, probably will win out over several of the upperclassmen who also are in the running.

**CARROLL IS DANGEROUS**  
The quiet picked by Denney faces a difficult schedule in the state conference, with Carroll, Ripon and Beloit on the menu, each of which is expected to have a number of last year's stars back on the team and plenty of first class new material. Carroll is looked upon as the most dangerous contender, with seven experienced veterans back on the floor, and the reputation of having won second place in the Little Five last year. The first state conference game on the Lawrence menu is with Ripon here, on Jan. 18, and Carroll opposes the Blue for the first time on Jan. 25, at Waukesha. Three of the Little Five games on the Lawrence list will be played here, and the remaining three at Waukesha, Ripon and Beloit. Denney has not yet completed his schedule for other games, but expects to have finished before the Christmas holidays. It is his intention to hold over the fifteen men whom he will choose from the list of 25 candidates picked in the class tourney here a week or ten days after the school has shut down for the holidays, in order to prepare them for action immediately after the vacation is over.

Following is the Little Five schedule:  
The schedule follows: Jan. 18, Carroll and Beloit at Beloit; Lawrence and Ripon at Appleton; Jan. 25, Carroll and Lawrence at Waukesha; Feb. 1, Beloit and Ripon at Ripon; Feb. 8, Lawrence and Beloit at Appleton; Carroll and Ripon at Waukesha; Feb. 15, Lawrence and Carroll at Appleton; Feb. 22, Beloit and Ripon at Beloit; Feb. 29, Carroll and Beloit at Waukesha; Lawrence and Ripon at Appleton; March 1, Lawrence and Beloit at Beloit.

# INELIGIBILITY BAN ON GERBER LIFTED AT BIG TEN CONFAB

Faculty Delegates Rule Wisconsin Tackle Was Punished Enough

Chicago—Reinstatement of E. C. Gerber, Wisconsin star tackle, who was ruled out of the last two games of 1923 on charges of professionalism, was voted on Saturday night by the faculty representatives of the Western conference.  
The faculty committee decided that, while the charges at the time were sufficient, and technically correct, Gerber had been punished enough for infraction of the rules.  
Gerber, it was discovered in mid-season, had taught swimming to boys at LaCrosse, Wisconsin, prior to entering Wisconsin to finish his studies. The committee felt that investigation showed his duties were not those of a physical director, Gerber has not more part of conference football. The resolution to reinstate him was offered by Dean Alden W. Small of the University of Chicago.  
Athletic officials of Illinois, who were next to face Wisconsin, were quick to deny any part in bringing the charges against Gerber, and it was saved at the time that the charges did not come from any member of the Western conference. In the usual routine they were forwarded to Wisconsin athletic authorities who ruled out Gerber.  
One section of the faculty committee was a ruling to add one member to the committee on football officials, and give this committee entire charge over selection of officials for conference games. The committee, working from an approved list, will not only select officials for games between conference teams, but also games of conference teams with non-conference opponents. It was voted to raise the compensation of officials from \$50 to \$75 a game. Basketball officials were raised from \$50 to \$75 a game.

# APPLETON TEAMS SECOND IN F. R. V. BOWLING LEAGUE

Neenah Taxis Lead Pin Circuit With Average Of .777 After Three Weeks

After three weeks of bowling, the Neenah Taxi club holds the lead of the Fox River Valley league with an average of .777. The two Appleton teams, Jeness Arcades and Hoppies, are next in line with a tie score of .666, in which the Electric City club of Kaukauna is also included. The third Appleton team, F. O. E. 574, is fighting the Kaukauna Royals for the cellar berth, each having a score of .222. According to present indications Appleton has brilliant prospects of improving its record and ending the season at the top. As it is, the joint showing of the three local teams is better than that of any other city represented in the league.

Standings up to date are as follows:

Club	W	L	Pct.
Neenah Taxi, Neenah	7	2	.777

# Eddie Is Ambitious

EDDIE COLLINS

Chicago—When Kid Gleason resigned as manager of the Chicago White Sox, the general impression was that Eddie Collins, captain and star second-sacker, would succeed him. Under the Gleason regime, Collins was the first lieutenant to the Kid, and his views on all questions received the greatest consideration. Collins, who suffered an injury to his knee last season that handicapped his play considerably late in the year, has several times expressed the desire to manage a major league club before passing out of the big show.

The fact that in recent years such stars as Speaker, Cobb and Sider have taken a flier at the managerial game no doubt fired Collins with the ambition to try it. The appointment of Chance to lead the Sox is considered by many as a direct slap at Collins.

It is a well-known fact that Collins was much disappointed last spring when the trade with New York failed to go through. He was one of the White Sox wanted by New York in exchange for Ward and Meusel. Ward's great work at second this year has killed off the probability of Collins getting a chance with the Yankees. He has always wanted to play in the big city.

It is questionable if Collins would be content to play as a private under Chance. For that reason he may figure in a winter trade. At present a deal with Washington is being widely circulated, making Collins the manager of that club.

# APPLETON GIRLS HUMBLE K-C MEN IN BOWLING MEET

Checker Girls Beat Blue Moons Two Out Of Three Games With 150 Handicap

Appleton Checker Girls bowling team Saturday invaded Kimberly and there humbled the Kimberly-Clark Co. Blue Moons two out of three games in a handicap match. The girls were given a start of 150 points in each game, but even without the handicap bowled higher scores than many of the men's teams of Appleton and the vicinity. High score was held by G. Schroeder, who rolled 177, and E. Dunn was second on the girls' team with 172. S. Roudeshus held high match score of 470, which she piled up by bowling 157, 156, 157.

For many reasons, the few ideas that are actually carried out are far more valuable than a dozen plans done in so fashion.

"Football has certain stereotyped movements that are in a sense the fundamentals as far as the actual playing is concerned. Teams try to run ends of the opposition, buck off tackle, go through center, a tempt the forward pass from various formations, punt the ball when it is the logical play and tempt a field goal when held and it seems the wise play.

"Because I have at various times put over something a little out of the ordinary in the passing game, a great many football enthusiasts think that I can trick stuff to straight football. That is an erroneous impression. Both are their place in football. The successful player has to set up in each style but mix up his repertoire of plays to stay successful.

"A change of pace is the name of the game. Use the style that fits into the game your opponents. As soon as the Army we early discovered the pass was thin, against Princeton and Georgia Tech we used a running attack almost entirely.

"It is easy to get too complicated a set of plays. That is a mistake. A big thing is to have your men know their plays, which enables them to execute

New York—The campaign to abate the practice so common among champion boxers or seeking matches outside their own division is well under way here. It is almost certain now that the New York state athletic commission will adopt a rule at its next weekly meeting prohibiting this practice.  
Charlie White, the Chicago lightweight, wired his manager, Ike Doran here, that he is in great shape and wants another crack at his old rival, Pat Moran, who knocked Charlie out not long ago.  
Gene Tunney and Harry Greb have got down to hard training for their fifteen round battle in Madison Square garden Dec. 10. Tunney is at his training camp in Red Bank, N. J. while Greb is doing most of his work at his home in Pittsburgh, winding up the last few days in the garden gym. Tunney reports his hands are in good shape. Greb has a bout on with Pat Moran in Pittsburgh on Dec. 3.

# WISCONSIN GETS ONLY 3 BIG TEN GAMES FOR 1924

Illinois Dropped From Badger Schedule; Meet Minnesota, Michigan And Chicago

Chicago—Heavy schedules of Michigan, Chicago and Ohio State, and a clash between the joint Big Ten football champions of 1923—Michigan and Illinois—were announced by western conference athletic directors at the close of the schedule meeting here Saturday night.

Only one outstanding intersectional game was announced, a tentative agreement for Illinois to meet the Navy eleven at Annapolis on Oct. 11, the Saturday before the battle between the two leaders of 1923. Michigan agreed to play in the new Illinois stadium both in 1924 and 1925.

**TEAMS SAME AS IN 1923**  
The two teams in 1924 will be almost the same as the 1923 joint champions, except that Michigan will lose Capt. Kipke and Illinois will lose McMillen by graduation. Six conference games are on the program for Michigan, Ohio and Chicago, while Minnesota and Wisconsin were able to announce but three conference games each. Illinois, which dropped the games with Wisconsin and Northwestern, was unable to reach an agreement with Minnesota on a late season date.

Two dedication games are on the 1924 program. Illinois will stage formal ceremonies for its \$2,000,000 memorial amphitheatre when Michigan plays at Urbana, Oct. 18, when the stadium will be completed. Minnesota will entertain Michigan in the annual battle over the "little brown jug" typical of victory on Nov. 1, when the new stands at Minnesota will be completed.

**N. D. PLAYS ARMY, PRINCETON**  
Northwestern, Indiana, Purdue, Iowa and Illinois arranged but four though Illinois expects to meet the Navy, Oct. 11. Coach Knute Rockne of Notre Dame, though he did not succeed in concluding any agreements with Big Ten conference teams, announced a notably intersectional program for 1924 playing the Army and Princeton in the east, Georgia Tech from the south and Nebraska from the west with but one open Saturday for recuperation.

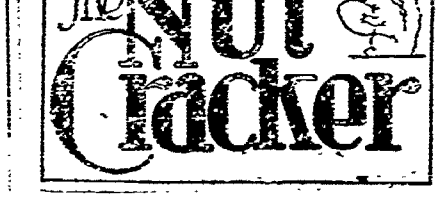

Notre Dame registered victories over all of them but Nebraska in the 1923 season and hopes to avenge that defeat at Notre Dame Nov. 15, with two weeks of rest to avoid the overtraining which appeared to have contributed to the Notre Dame defeat this fall at Nebraska.

# GREB AND TUNNEY START TRAINING FOR DEC. 10 GO

New York—The campaign to abate the practice so common among champion boxers or seeking matches outside their own division is well under way here. It is almost certain now that the New York state athletic commission will adopt a rule at its next weekly meeting prohibiting this practice.

Charlie White, the Chicago lightweight, wired his manager, Ike Doran here, that he is in great shape and wants another crack at his old rival, Pat Moran, who knocked Charlie out not long ago.

THE Lonsdale belt has been won by Battling Brown of London and it will not be necessary for him to buy a new set of suspenders this year.

A Cleveland pedestrian was knocked down and run over three times by an automobile, establishing what is believed to be a new A. A. U. record for the event.

**AMONG THOSE WHO WILL NOT PICK AN ALL-AMERICA ELEVEN THIS YEAR IS NICK ALTROCK, WHO PREFERS TO CONFINES HIS HUMOR TO THE BALL FIELD.**

Considering the number of people who are always abiding the cocked-world something, Ben Turpin ought to be a well informed gent.

Our objection to the announced fight between McTigue and Beckett in Dublin is that neither is likely to be shot by an Irish revolutionist.

ship going west weighs more than a ship going east. This probably explains why it is impossible to make hairnets out of sauerkraut.

**SUCH TIME AS THE EXCAVATORS PROVE THAT HE ACTUALLY WORE GOLF KNICKERS.**  
Havard has an open date on its 1924 schedule and some folks believe it will go either to Notre Dame or Cornell. These same folks believe the soldiers are going to get the bonus.

Twenty-one nations will compete for the Davis cup next summer, which means that it will take Bill Tilden a day or so longer than usual to win the singles championship.

County board prohibits open mufflers—very timely we should say, now that Old Man Winter has come to stay.

## SMALL PORTION OF WAR VETS RETAIN INSURANCE

Washington — Approximately one-eighth of the men who served in the world war from Wisconsin have retained their war-risk insurance. General Frank T. Hines, director of the Veterans' Bureau today announced.

On October 31 last, it was estimated by Gen. Hines the term and converted insurance in force for Wisconsin ex-service men was \$76,150,254 and was carried by 14,781 men.

The estimated insurance in force on Wisconsin service men at the war peak was \$1,015,145,000, carried by 116,104 men.

Strenuous efforts are being made throughout the country to awaken in the ex-service man a desire to protect their families and dependents with insurance. Gen. Hines has instructed his field force to see that each ex-service man has an opportunity to get information as to policies and rates and a chance to make application.
